TWO COLLEGE SCHOLARSHIPS OFFERED BY W.M.I.M.C.

The Western Maine Industrial Management Club will offer two scholarships to Oxford County high school students who will be graduating in the spring of 1977 and wish to further their education. The scholarships will consist of two cash awards of \$300 each. This will be paid by the Club to the schools chosen by the recipients, to cover all or part of the tuition expense for that term with any balance to be applied to tuition for the next term.

The purpose of the scholarships is threefold: (1) To provide incentive and assistance for qualified students from Oxford County to pursue higher education; (2) To provide well trained technical and managerial personnel to work for member companies (not a requisite or condition of acceptance); (3) To promote the development of competent people to assume the responsibilities of leadership in the fields of education, business, industry and civil administration.

To be eligible to participate the following requirements must be met: (1) The applicants must be senior year students in an Oxford County High School, who will be graduating in June, 1977; (2) The applicants must have maintained a scholastic standing in the upper half of their class and be able to meet entrance requirements of the school chosen; (3) The recipients must plan to study an accredited course in Business Administration at any four year college in the State of Maine or any course of study at any of the Maine Vocational Schools or the Berlin Vocational Technical Institute or any course of study offering an Associate Degree through the University of Maine system. Failure to be subsequently admitted will cause forfeiture of the scholarship.

A committee consisting of representatives of Member Companies will choose the recipient to whom the scholarship will be awarded. The decision will be based on the following factors: high school record, scholastic and extracurricular, financial need, personal qualifications, ambition, moral character, seriousness of intent, and overall impression. Preference will be given to applicants whose parents work for member companies.

In the past the club has given one scholarship for \$300 each year. However, at the March monthly meeting, a motion was made and passed to provide for

P. U. C. APPROVES INCREASE FOR BETHEL WATER DISTRICT—LESS THAN REQUESTED

A request by the Bethel Water District for increased rates was approved Tuesday by the Public Utilities Commission. However, the P. U. C. reduced the sum of \$5,300 sought by the Bethel district in new rates per year to \$3,298.

Since the rate has been reduced by the P. U. C., the Water District will have to file a new rate schedule, according to P. U. C. Secretary Howard Cunningham. The P. U. C. will then review the new schedule, he said, and if it produces the "X" amount of dollars the commission says it has to, then a supplement decree will be issued. Cunningham said the Bethel district is entitled to a rate increase when they file a new schedule.

The Bethel Water District had filed for a 12% increase in the residential rates, annually. The P. U. C. will sign the decree upon receipt and discussion and acceptance of the new schedule, he said.

**MAKING ICE CREAM IN SCIENCE?**

In order to get a good scientific point across to the students it is sometimes necessary to resort to some good old fashion application. The principle involved is: "What happens to temperature of the slush formed when ice and salt are mixed?" The temperature drops! This idea is used in making ice cream. In the picture above students are mixing the

ice and salt and determining the temperature before the slush forms (about -2 degrees Centigrade). After the system has had a chance to work a bit they check the temperature again (some students found the temperature to go as low as -14 degrees Centigrade). In the picture below, the kids reap the rewards of their labors by "eating the experiment". Science is COOL at Telstar!

**Telstar R. H. S. News**

CHEMISTRY AT TELSTAR

Students in Mr. Fiske's Chem Study class have been experiencing contract work throughout the year. The contract commitments for a student or a two-man team are pre-designated to the students by Mr. Fiske. Each student has the option of choosing his grade, either an A or a B. The student is aware of exactly how much work he will have to do. A team contract requires more work, but collaboration on tests is permitted. Upon successfully attaining all contract commitments and a required test average, a student is awarded his grade for the contract period. A ranking period consists of approximately two contracts and a couple of weeks of individual class work. One unique element of the contract is an "Own Thing." This can be anything relating to chemistry that the student desires, subject to teacher approval. Already this year there have been several interesting projects. A chemical magic show was presented to select underclassmen. It seemed as though the students performing the tricks enjoyed it more than the audience.

Theodore Reed dazzled the crowd with his famed banana-eating exhibition and Philip Gauthier intrigued the young people by exploding ordinary dust.

Other "Own Things" have been: A Chemis'tree and an accompanying poem; Several posters relating to chemistry; Some 3-D models of atoms; A chemical symbols mobile; Slide shows and recorded presentations; Field trip to Rumford hospital.

"Own Things" have given students a chance to explore on their own different aspects and to show their several talents relating to science. — Dan Cummings, David Clements.

April 15, the Internal Revenue
Service states.

Many taxpayers realize that they
meet the requirement for filing a
tax declaration at this time of
year, according to the IRS. Gen-
erally, when taxpayers will owe
the IRS more than \$100 not cov-
ered by withholding, they should
file a declaration of estimated
tax. A Form 1040-ES voucher must
accompany the first installment.

Taxpayers who filed a declara-
tion of estimated tax last year
should have received an estimat-
ed tax package in the mail, which
includes four declaration vouch-
ers and preaddressed envelopes
for making the 1977 declaration
and payments, the IRS said. Also
included in the package are a
worksheet and instructions.

Taxpayers who are required to
file, and did not receive an es-
timated tax package in the mail,
can obtain it from a local IRS of-
fice. Or, you can order by phone
using the forms only number of
1-800-452-8700.

IRS Publication 505, "Tax With-
holding and Declaration of Esti-
mated Tax," is available free from
the IRS and provides more de-
tails on the payment of estimated
tax.

LES GIRLS

Maria Perkins
Les Girls are beautiful. They
are humorous, intriguing, mis-
chievous young ladies. They love
to eat, but their slender hips deny
that fact. Actually, Les Girls pre-
fer vegetables which makes it eas-
ier for them to feel their oats.

They like to keep up with their
calisthenics and acrobatics every
afternoon. Being too busy with
this, they don't help out around
home, but they'll get to that
when they are older. Sometimes
they overdo their exercises and
then they're hungry again. From
their point of view, no one comes
close to perfecting a full twist off
the stair railing. Knocking every-
thing down in the way is part of
that course. If one is able to slide
down, if they get the chance.

Les Girls are very proud of
themselves. They nod their heads
when walking, in time with the
tapping of their feet, as if in
agreement. Although they are
doing not envy them, it is easy
to love them. For all their clev-
erness, affection, beauty and taste,
not many would really want to be
Les Girls. For there is something
very real about these stunning
creatures. They are our two year-
ling goats.

To the Editor:
In recent years the eastern coy-
ote in Maine has become a target
of controversy and concern. For
this reason, research programs at
the University of Maine at Orono
have been developed to estab-
lish concrete facts about this an-
imal. One study will examine
growth and behavior of coyote
pups from birth to maturity. This
project requires several litters of
live pups.

Pregnant female coyotes are
currently establishing several po-
tential den sites and will soon
select one in which to whelp. A
female will rarely return to a po-
tential den once it has been dis-
turbed, however, and will move
her pups if a disturbance occurs
after whelping has taken place.

Anyone knowing of an active
den is asked to contact me at 240
Nutting Hall, School of Forest
Resources, University of Maine at
Orono 04473 (Phone 581-7387).
Those corresponding by mail
should enclose a phone number
where they can be contacted.

Thank you.

NEVER-FAILING LIFE By Dr. Philip Jackson Community Church, Rumford Center

The crucifixion was complete.
Christ's passion was an historic
event of indescribable suffering.
What His life failed to do His
death accomplished. He voluntar-
ily and vicariously bore our
penalty. To human eyes He was
merely a blood-bespattered spec-
tacle of human ignominy and shame,
but He rose again triumphantly,
validating His death by His resur-
rection! The darkness of Good
Friday was suddenly shattered
by the brightness of the empty
tomb. The death spell was broken.
An angel tossed aside the stone
from the tomb with nonchalant
ease and hope took its first
faltering breath in the disciples
hearts.

At that perfectly timed psycho-
logical moment Jesus brought a
thousand nebulous prophecies to
complete fulfillment and took His
exalted position as Prince and
Savior. The thrill of that price-
less moment brought a flood of sacred
memories to that sunrise audience.
Patriarchs and prophets had
fallen asleep clinging to the
promises of a new day of never-
failing life. They had endured the
dreadfulness of many centuries,
holding forth the prophecies of
truth and revelation until the ap-
pointed hour of universal day
break. 400 years of nocturnal
gloom had enveloped God's people
since the last voice of prophecy
had sunk into silence. Would God
ever speak again to a waiting
world to show the way to God
through the shadowy labyrinth of
philosophies, theologies and pagan
mysteries which had brought such
confusion to those primitive
times?

Now the night of darkest gloom
is ended and the day dawns! The
resurrection is the greatest miracle
of all. Death defeated; life trium-
phant? Let the message of Easter
ring through the land!

Until Jesus died and rose the
human race was being swept into
an existential vacuum of hope-
lessness. People of every nation were
regarded as expendable pawns of
the imperial state. Serfs and
slaves outnumbered free men.
Life, for the most part was cheap
and insignificant. But JESUS
ROSE FROM THE DEAD! He
transformed the high and the low
into a redeemed community of
"Sons of God." He rebuked all
desecrations and made life sacred.

For the first time men could look
beyond the grave with shining
eyes. They saw Him, they heard
Him, they handled Him, they wor-
shipped Him. His resurrection was
humanity's rallying cry.

Within three days Deity had
burst the bands of death, turned
the sulphureous fumes of hell
into innocuous vapors, and the
ravaging physique of death into a
raging skeleton, with nought but
a putrid shroud for its possession.

His resurrection assures our
resurrection: "Because I live ye
shall live also. "With admiration
and inspiration we look back to
Christ's resurrection; we look
forward in glad anticipation and
listen with rapt attention to John's
words on the Isle of Patmos: "I
was dead . . . and behold, I am
alive for evermore."

May our churches be blessed
again and resurrected from the
wintry spell of spiritual death
that has held us in frozen silence
for so long. Pray for a rush of
resurrection life to melt our icy,
"religious" stillness. Some of us
are feeling it already. Revival is
coming in mighty power. Let God
tear your shrouds of religious
tradition, infuse you with new life
and manifest His risen life in and
through you.

Death defeated: Life triumphant!
Let the message of Easter shake
the State of Maine!

A Century Ago

— From The Oxford Democrat — April 3, 1877

Bethel—The powerful rains of yesterday and today have very much swollen the small streams and fears are entertained for the safety of the lumber lying upon the main river.

Scarlet fever is prevailing and proves fatal in some cases. Wm. Mitchell lost a son 14 years old, after an illness and confinement to the house for two days. There are a number of others just coming down with the disease.

Your correspondent Junius makes some wonderful revelations in relation to the "making of postmasters just now." He says, "The republicans have two distinct party candidates, Mr. C. I. Kimball and Mr. S. R. Shehan, and Mr. G. R. Wiley is the non-partisan candidate." All of which is a surprise to the quiet citizens of Bethel.

The facts are that Mr. C. I. Kimball started a petition for the appointment, being a republican, and I shrewdly guess that Junius knows who started the petition for G. R. Wiley, the most active Democratic politician in Bethel. Meanwhile Mr. S. R. Shehan, who has been confined to his house the most of the winter by severe illness, tendered his resignation, and the citizens and businessmen in the place, without distinction of party, petitioned for the appointment of Miss Persia Shehan, who has had the care of the office the past eight years, and conducted its affairs to the entire satisfaction of the community.

Bethel—Among our best Farmers of Oxford County is James Roberts, Esq., of Hanover, a man whose name is well known throughout Oxford County. Mr. R. gradually became known as a stock raiser until we believe his fine animals number upwards of forty and he took the first premium at our town fair. Mr. Roberts' herd is grade Durham and Hereford. His very fine cows, some ten in number, are superior milkers. Some of them, Mr. Roberts informed me, he milks within a few days of calving. He also has two fine bulls four years old, girting seven feet. He has considerable interval land. Mr. Roberts regards stock raising more profitable on his farm than sheep. We recently purchased from his herd a bull calf seven months old, handsome as a picture, girting four feet and seven inches.

The only business that shows signs of much activity is the law business, and we have now seven members of the profession duly installed and settled in our village. We learn the house of Mr. A. P. Blake was broken into one night last week while the family was away, and a quantity of pork was stolen belonging to a widow lady, Mrs. Hattie Brown.

The prospect is now favorable for a good sugar season. Many of our farmers tapped this week. Robins made their first appearance last Thursday.

The Iron Clads held a rousing temperance meeting last Sunday p.m. in the M. E. Church. Mr.

WESTERN WRAMBLINGS

Ah Spring! Spring is spring no matter where. It hits with a force, gripping and refusing to let you go. There is something unique about one of the first real spring days. It's the uniqueness of a fresh new start. A spring day puts bounce in your step and energy in your being. You go about ordinary tasks with a surge of urgency, and things get done that were put off for so long.

The beginning of spring brings with it a complete new set of sights, sounds and smells. After a long cold winter it's such a blessing and can only be described as wonderful. Spring hits everyone. It's almost as if you wish you would not recover, that the ailment would last forever.

We have visitors from "back home." Brother Malcolm Billings, his wife Tammy, and son, Shane, arrived this week. The girls were very excited to see their cousin who has grown so much since they last saw him. It is good to have a touch of home here with us.

Rains and some snow continue off and on. The weather, when not wet, is very balmy and warm. All in all it's quite pleasant here on the West Coast—hoping the same for you.

A Spring walk with a new friend.

Walking along a river bank with a friend, we both were very much amazed at the abuse those beautiful spring flowers and shoots could take. Raging waters and howling winds had previously tortured

Haskell, our worthy President, opened the meeting with a very appropriate speech. Mr. Haskell said he visited the Grafton Club last week, and found them in a very flourishing condition. Bros. Chapman, Kilborn, Haywood, Dr. True, Rev. Mr. Center, D. F. Brown, Rev. Mr. Mills, Maj. Tru, Mighill Mason and H. C. Barker made good, truthful and earnest speeches. Miss Lizzie Mason presided at the organ.

The wife of Mr. Joshua Swan died very suddenly one day last week with congestion of the lungs. Horatio R. Godwin, Esq., proprietor of Lake House, Upton, has purchased the stand in our village known as the Dr. Grover stand, just south of the Elm House. Mr. Godwin will move his family into it as soon as spring opens. Mr. Godwin will sell or rent the Lake House.

Hay is very plenty; large quantities will be summered over. Rev. Mr. Mills of Norway preached in the Congregational Church last Sabbath forenoon. The wife of Dr. E. B. Goddard is very low.

We were without power for over 12 hours Sunday due to high winds and blown down trees. Monday the power was shut off for a short time for repair and was off again before daylight Tuesday, until after 7 a.m. This may be a record amount of time to be without electricity during a 48 hour period.

Word has been received that Nora Ellingwood Givan passed away in Seattle, Wash., where she has made her home for many years, at the age of 95. She was the daughter of Fred and Jane Brown Ellingwood. It is interesting to note that a cousin of Nora's, John Ellingwood of Buckfield, passed away two weeks later at the age of 98 years and ten months.

them, and on the day of our walk the sun was pouring down, coaxing them to remain alive. Casings were falling from the buds, and new growths were starting beneath their parent trees. Continuing our walk across a field, we noticed the new beginnings of many flowers and shrubs. My friend's baby strapped protectively to his mother's bosom, was rosy cheeked and sparkling eyed. The freshness of this brisk day was rewarding to us all.

As the sun shines on the east coast, snow and rains continue on the west. Talking to people in Maine I've found lately that warm weather is indeed prevalent. Out here we are experiencing a much belated winter. Intermittent rains and snow are falling. Ski areas are in full swing and tie chairs are required on the mountain passes. Flowers and buds are fighting the early morning frosts, and are in part winning. But, Spring is still very definitely in the air.

Locke Mills

— Mrs. John Mills, Corres. —

Reminder: There will be a Maundy Thursday service of song and communion at the Locke Mills Union Church tonight (Thursday, April 7) at 7:30 p.m. There will be a lunch afterward. All are welcome.

The yellow inventory forms from the town report were due at the Town Office April 1 but still will be accepted for a short while for those who have forgotten to bring them in. They also may be mailed to the Town Office.

A special invitation is extended to the parents of the Sunday School children of the Locke Mills Union Church to attend Easter services with their children Easter morning and the Sunday School classes after.

Harry Swan, Jr., Arnold Jordan, Helen Remsen, Reynold Jordan and Duane Gilbert of the Ecco Housewares plant attended an Industrial Management supper and meeting at Bethel Inn, Monday evening.

The town owes a debt of gratitude to Chuck Melville for going out that cold windy night last week and securing the doors of the Town Hall which had come unlatched and were banging in the wind.

Mr. and Mrs. Everett Cross and Mrs. Lillian Lapham were in Norway Saturday afternoon shopping. On their return home they stopped at Jordan's Restaurant for supper.

Dora Ford and Leatrice Chase rescued a little child from the road at the foot of Bird Hill one day last week. The tot had wandered away from the laundromat.

The monthly meeting of the Greenwood Fire Department was held Tuesday at the Fire Station. They talked over the fire they had on Mt. Abram, talked about new equipment, including fire extinguishers and talking about fixing up the call system at the mill. Refreshments were served following the meeting.

The trees are budding and I have seen quite a few robins in the area. The snow is nearly gone in the fields; soon we will be digging dandelion greens.

Mrs. Colista Morgan, Corres.

Ponds and lakes are one of the landscape's most beautiful and expressive features. The trees next to the shores are fringed eyelashes.

On the brim of the pond this morning, at six o'clock, two ducks glided in. They seemed to float as lightly as drifting leaves. What a picture they made as they moved along proudly! It is always a thrill to see them in the pond's first opening after the winter ice.

So many "spring things" arrived on this beautiful day; the song sparrow singing for the first time. He is so well named for he is the minstrel of the brier-patch, the most persistent singer of all the sparrows. He is modest and is an unquenchable optimist. Nothing seems to discourage him. How nice he sounded out here in the hedge.

Grampa, our robin, returned also. Just to see him brought spring. He made himself at home, hoping about the lawn.

But most exciting of all was the flying wedge as it swept across

home from the hospital on Tuesday. She is spending a few days with her daughter and family, Mr. and Mrs. Larry Parsons in Brownfield.

Callers at the Barton farm, Sunday were Mr. and Mrs. Arthur Seavey and children of Conway, N. H., Mr. and Mrs. Don James and Mr. and Mrs. Alfred Leighton, Albany.

K-D's Acres has been bustling with activity. Lots of people have been stopping by to visit and to see the baby goats.

The boys are anxious to go fishing but the brook is much too high.

Esther Rugg and Carla Jo walked down one afternoon last week and Alberta White and Mary stopped by. Other callers have been, Ivy Philbrook, Hugh and Edith Stearns, Margaret Barton and Brett, Mr. and Mrs. Gene Maillet, June and Shelly Inman, Mr. and Mrs. Dick Douglass and Beth and Mr. and Mrs. Warren Cairns. My folks, Mr. and Mrs. L. G. Twitchell were Sunday night supper guests.

Saturday night, Dick and I visited Mr. and Mrs. Clarence Whitfield of Waterford and enjoyed an evening of playing cribbage. That's all the news from this part of the country until next week. Have a Happy Easter everyone!

The sky near Overset Mountain with the far carrying clamor of "on-onk" babbling of the coming spring. Coming after the long cold winter, the first call of the Canada geese stirs the blood of the listener. As they vanished their voices lowered to a deep chuckling.

The highway beckoned me each day. I had to walk but what of it? It was a pleasure to loiter along and note a flooded meadow, a winding stream, the rushing brooks, squirrels chattering in the woods, the smell of spring, the changes along the roadsides, the young trees rising with branches of perfect symmetry, slim and graceful as a young girl. All these were the essence of happiness.

Even the bumble bee tried its wings; a little arthritic at first, then bumbled away, where to I don't know.

I close the week with many pictures but realize how quickly they can change. But I've enjoyed the dark bands of water blowing, on toward the pond with the contented songs and the morning sun's jewels as they gleam on the thin silvery sheets studded with brown grass stems. When the day ends there are long horizontal colored banners in the west. Night's curtain is not so quickly drawn now; day meets night and lingers to display the brilliant colors for a few fleeting moments. Then a miniature came above the rim, shadows cover the land, the stars prick through to twinkle and laugh at you. These beautiful evenings, calm and free, sink down in tranquility. It's a seasonal message. Look, listen, and enjoy.

At the Hayes Homestead there is the usual. On Saturday Duane Hayes and children. West Paris; Ardell Hayes, Auburn, were there. Sunday, Rolly, Doris, and Elmer Hayes visited Mr. and Mrs. Duane Hayes and family at West Paris.

Mr. and Mrs. Leonas Holt were in Augusta and Windsor on Saturday to visit Mr. and Mrs. Robert Holt and Danny.

The Pulsifers were at their cottage over the week end.

I went with Ruth Hastings to the Rumford Library to attend the Delta Kappa Gamma meeting on Saturday.

We visited Mr. and Mrs. Carroll Nottage at South Paris on Sunday.

The new owners at the Homans Cottage were there over the week end.

North Paris

Eveline Barrett, Corres.

This lovely Sunday afternoon I am writing the news early as the electricity is on the blink and the wind blows a gale. Maybe a tree is down on the line.

We extend our sincere sympathy to the family of Bernard Dexter Jr., who lost his life in a tragic accident March 29 at the Trap Corner bridge. He was formerly a resident here and he sure could shovel snow for a little boy.

Joe Barrett celebrated his 80th birthday by going to Dr. Houghton's, then to McDonald's, then we drove to Zayre's at South Rumford, visited the Harold Enmans at Rumford Point and then watched the basketball game at 8 p. m. I'm glad he doesn't have a birthday every week or I might not keep up.

Mr. and Mrs. Ellsworth Lawrence went to Auburn April 1 for Doris to see Dr. Wolfe, the eye doctor and there was no change in the condition of her eye. Said she might have to live with it and curse. On the way home they called on Mr. and Mrs. Maynard Emery at Mechanic Falls and found they both had very bad colds. They also had some delicious parsnips for we had some for dinner today.

Philip Hyam had several truck loads of gravel put on his drive way to make it passable.

STATE OF MAINE
HOUSE OF REPRESENTATIVES
Karen L. Brown

The funding level for state support of public schools and uniform property tax repeal occupied most of the Legislature's attention this week.

Gov. Longley agreed to sign a bill extending the deadline for setting a level of funding from April 1 to April 14. This two week delay will allow more time for consideration of a school budget that most observers believe will be somewhere between \$290 and \$295 million dollars, at a uniform mill rate of around 11.5 mills.

Gov. Longley had indicated that although he personally favors state spending of \$268 million, that he would go along with his Commissioner of Education's figure of \$290.6 million.

A major consideration for Legislators looking at school funding is the fact that once some money is set aside for education, we will have to scramble to find money for other necessary programs. If the Legislature accepts the Appropriations Committee recommendation of \$293 million, we will be left with only \$9 million dollars in the General Fund to meet a great many needs including the University of Maine, State Employees, reimbursement for municipalities losing inventory tax revenues, etc. Some Legislators are advocating a 12 mill rate rather than 11.5 to raise more money for other priorities. There may be a shortage of \$20 to \$30 million to fund priority programs and a long, hard look at the entire budget will be required.

William J. Rogers, National Commander of the American Legion, addressed the Legislature Tuesday in a joint concentration of the House and Senate. Rogers, a Maine native, discussed national issues of concern to the Legion, including America's retention of the Panama Canal and opposition to Amnesty for draft dodgers.

The legislature Thursday enacted L. D. 357, An act creating a Mental Health Advisory Council. It is the intent of my bill to abolish the present Advisory Committee and to replace it with an Advisory Council, composition of which meets the requirements of federal legislation. This council will be more representative of both those who understand the need for mental health services and those who are responsible for programs implementation, as well as the social, economic, linguistic and racial groups in the state. The establishment of this council in compliance with the federal legislation was necessary by April 1, 1977 so as not to jeopardize the approval of federal funds for mental health services in Maine.

The Northeastern coyote population has been increasing during the past ten years and have been seen in the Green Mountains of Vermont, White Mountains of New Hampshire and spreading east into Maine. Many hunters and woodcutters feel the coyote is becoming a menace in Western Maine because they are killing deer and farm animals.

On Thursday L. D. 766, an Act to Establish a Bounty on Northeastern Coyote was presented at a public hearing. The Inland Fisheries and Wildlife Department helped to write the legislation and Mr. Immonen of West Paris, Mr. Rollins of Dixfield and myself sponsored the bill. The purpose of this bill is to establish a \$50 bounty for the killing of a coyote. The control in the coyote population will aid in the growth of the deer population, resulting in increased interest in deer hunting and a corresponding increase in hunting fees.

South Woodstock

Olive Davis, Corres.

Callers at my house Sunday were Mr. and Mrs. Leslie Bryant and Mr. and Mrs. Carl Brooks.

Mr. and Mrs. Ralph Tuoci of Littleton, Mass., and summer residents of North Pond area became grandparents March 6 when Alyssa Katherine Paey was born. Her parents are Mr. and Mrs. Ronald Paey. Mrs. Paey was Sandra Tuoci and spent many summers at the Waino Heikkinen farm in this area in the past.

Mrs. Sheila Bowen and daughter, Kelly, spent the week end with her mother, Mrs. Miriam Morgan, returning to Framingham, Mass., Sunday.

Power failure was rather universal in this area Sunday afternoon due to the heavy winds blowing trees down over the lines. We lost our electricity from 4 to about 10 p.m. Those having furnaces were cold. I for one, went to bed at 6:30 to keep warm and listened to the Bruins on the transistor radio.

We are glad to hear Clyde Knights is feeling better and hopes to be home soon. Christine and Frank Campbell have been frequent callers on him at the Norway hospital the past three weeks.

Sap season is about done for this year.

Work has begun again on the winter-summer swimming pool at the Mollycokett Motel. The roof girders have been placed this week.

I went to Auburn with Mr. and Mrs. Carl Brooks Monday, where we picked up some favors for the Grange dinner April 18.

Solicitors on Cancer and Red Cross have been calling on people in South Woodstock the past week.

The snow is finally melting. There's still enough left to make ice cream.

(Bethel Emergency Ambulance & Rescue Service)

Item I: The next BEARS meeting will be on Sunday, April 17 at 7 P. M. at which time Dr. James Edmond is scheduled to talk on the new emergency room procedures at Rumford Community Hospital. Dr. Edmond was unable to attend last month's meeting. Any person interested in the ambulance service is invited to attend BEARS meetings. Refreshments are served, as well as sharing of ideas. The more interest shown from the community, the more efficient the patient-care.

Item II: The BEARS had 14 calls during the month of March. **Safety Tip of the Week:**

The proper handling of patients on stretchers is constantly being stressed in the BEARS training program. Did you see any of the telecasts of the recent plane crash in Georgia? Notice how careless some of the attendants were? One patient nearly got thrown off the stretcher. Even when the situation requires immediacy, it is important to show concern for the patient's comfort. We are constantly reminded that each stretcher team must have a leader who directs when to lift. The team moves as a unit.

POLICE REPORT INDICATES VANDALISM COST MAINE HALF MILLION IN 1976

The Maine State Police Uniform Crime Reporting (UCR) unit reports, 1,223 people were arrested in Maine for vandalism costing more than \$500,000 during 1976.

According to Robert E. Wagner, Jr., UCR Supervisor, Maine does not collect reported vandalism complaints, only arrest data; however, Pennsylvania does collect vandalism reports with 1975 figures showing only 11.3% of the offenses cleared by arrest.

Using the 11.3% projected figure for Maine, the vandalism reports could have been as high as 11,000 if Maine "cleared" the same percentage in 1976; and, with a \$50 average based on 11,000 reports, total costs would exceed one-half million dollars and probably this is a conservative estimate," Wagner said.

Value on vandalism reports vary from a few dollars to many thousands of dollars.

Of the 900 juveniles arrested for vandalism, 823 were males and 77 were females. Handed within the local police agency and released were 709, referred to juvenile court on probation department were 178, referred to welfare department were 11, and referred to other police agency were two.

And, of the 323 adults arrested for vandalism, 308 were males and 15 were females. All adult dispositions were adjudicated by the Courts.

(Note: For UCR reporting when a juvenile is detained for a crime for which he or she would be arrested if an adult, it is statistically counted as an arrest and disposition noted.)

It was preceded by a pot luck dinner served at noon, by Rose Taylor, Marjorie Cummings and Adeline Dexter (in the absence of Jane Van). Fifteen members were seated at the table, consisting of hot dishes and casseroles, topped off with pies for dessert.

The Auxiliary opened their meeting at 1:30 p. m. with President Leona Curtis presiding. Fourteen members were in attendance with three officers absent by roll call. Maude Danforth served as Guard, Hilda Donahue as Flag Bearer and Leona Lurvey as Patriotic Instructor for the meeting.

A slate of officers is to be selected for the coming year. Mary Bishop is chairman.

It was voted to use paper plates for the meals to save on time.

Eleven members will be attending the Council meeting being held at Waterville on Saturday, April 10.

Installation will be held in May, and plans for Convention, June 3 and 4, being held at Rangeley, will be completed and delegates for the same will be appointed.

Cora Bennett gave her report of cards to the ill. Ten cards and three visits to hospital were given. Fourteen bibs and lap robes so far have been collected for Togs for patients.

The Easter message from the National President, Grace Kemml, was read "for the good of the order." Lola Forbes, chairman, gave a report of the Trustees. The books have been O.K'd and audited.

The next meeting will be held May 3. The committee is Frances Bennett, Maude Danforth and Cora Bennett.

HART - WING

The First Universalist Church in West Paris was the scene of the candlelight wedding of Miss Kellie Anne Wing, daughter of Mr. and Mrs. Richard A. Wing of Woodstock and Osman V. Hart, son of Mr. and Mrs. Earl Hart of Bethel.

The Rev. John Coyle officiated at the double ring ceremony which took place at 6 p. m., Feb. 26, with around 200 guests attending.

Given in marriage by her father, the bride wore a long bridal satin gown trimmed with lace and white seed pearl buttons. The three tiered cathedral length veil fell from a Juliet band of satin and matching lace. Her bouquet was white with yellow and blue carnations and baby's breath.

The matron of honor was Terry Wing, sister-in-law of the bride, wearing a long yellow satin gown and carrying a single blue rose. The bridesmaids, Joanne Bean, Sylvie Lamontagne and Susan McKee wore blue satin gowns identical to the matron of honor. They each carried a single yellow rose. The bride's and bridesmaid's gowns were made and fashioned by the bride.

The two flower girls, Amy Merrill and Rachel Plawlock wore identical long dresses of yellow satin and full white lace aprons. Each carried a basket of yellow blue and white daisies.

Calvin Buker of Bethel was Mr. Hart's best man. The ushers included James Swan, Jeff Littlehale and Rick Wing, brother of the bride.

Mrs. Elaine Emery played the organ and Lani Poland was soloist. Lani sang "The Wedding Song" and the wedding party marched out to her singing "Time in a Bottle".

Following the ceremony a reception was held at the Locke Mills Legion Hall, where a small band played music for dancing throughout the evening.

The wedding cake, made by Beverly Dean, was cut and served by Tracy Plawlock.
